

# 6th North Calotte meeting on Waste management

County Governor of Troms  
Department of Environmental Protection

Per Kristian Krogstad

# On Waste management

County Troms

## County Troms

- Population: 166.251
- Land area: 25 985 sq. km
- 24 municipalities (2017)
- Tromsø ●:
  - largest city
  - 74 346 inhabitants

# What's new on Waste

## «New» licenses/permits (2016/2017)

- Incineration plant in Tromsø: 56.000 tonnes/year of ordinary waste
  - *Annual energy production (steam and hot water):165 GWh*
- Landfill (Refuse/ordinary waste): *Mainly for incineration ash*
- Facility for treatment of heavy metal polluted soil from shooting ranges

## *Ever ongoing work:*

- Plastic waste/marine litter – the Plastic challenge - «hot» theme
  - It's a large-scale problem, and it needs a global response.
- Port and harbour waste management plans (*to be revised every third year*)
  - *means of minimising and avoiding the potential effects of operational and illegal discharges of oil and garbage from ships on the marine environment.*

Thank you for your attention!
